

COMPANY PORTFOLIO

A Startup Partner

2015 -
2016

“ Usability is about people and how they understand and use technology. ”

- Steven Krug, DONT MAKE ME THINK

About Us

Based in Sydney and Shanghai, SK8Tech is a innovative Digital Solution company with entrepreneurship mounted deep in its root. We provide a wide variety of services including branding, graphics design, online markeing, website & app development, E-Commerce and IT Consulting. We also belive innovation is what separates leaders from followers. Therefore we constantly challenge ourselves, to build better websites, to develop more innovative apps, to design a finer logo and to market a brand wider. Follow us, we will innovate your future.
